Why am I with Zonta?

Message by the Governor of District 28

At the beginning of this biennium of the Centennial of Zonta International, in District 28 we were looking for ideas to create a series of interesting posts to be published on our social media, in order to enhance our visibility and celebrate the occasion.

We were looking for simple, effective messages about our organization, that could be meaningful both for the public and for our members. We also wished to involve our members in creating the content of these messages.

During our first district board meeting in September 2018, I asked our officers why they first joined Zonta International and why they have decided to stay. The group enjoyed the exercise, so we decided to extend the questions to our members.

This is how we collected **100 quotes for Zonta International's 100 years of advocacy and service** from our District 28 members. We proudly present them in this little book in honor of our Centennial, and to celebrate the commitment of our members, who are stepping into a **new century of generosity and resourcefulness, under the mission of Zonta.**

The response was enthusiastic: we soon collected several quotes, and started to publish them weekly on the Facebook page of our district <https://www.facebook.com/ZONTAD28/>. These posts substantially increased the popularity of our Facebook page.

Moreover, what was intended to be a PR tool became a way get to know our District 28 members and what inspires them. My gratefulness goes to all the authors of these quotes, who contributed to build this picture of Zonta in District 28.

We exhibited the first quotes at our District Conference in Basel in June 2019. Some clubs held workshops on the subject, to revitalize the commitment of their members.

What our Zontians say

The next pages contain 100 quotes from our members of all 3 areas, in a random order. Some members chose to be quoted anonymously, some allowed us to publish their name.

A star marks the quote from each area that reached the highest number of readers on our Facebook page.

The most frequently recurring concepts in the quotes include:

- Give women a voice, advocating from the local to the international level.
- Friendship among women of all generations.
- Teaming up with like-minded individuals to pursue our mission.
- Advocate for women rights are human rights.
- Support women and girls who are less privileged than us.
- Opportunities of personal growth through international networking.
- Pride for our results.

... and much more !

Enjoy the reading!
